### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: one of the reasons for allowance is that the prior art does not disclose the use of energy delivery circuitry capable of delivering both bradycardia and asystole prevention therapy in a device where one or more electrodes is configured for subcutaneous, non-intrathoracic placement, comprising a controller that delivers the asystole prevention therapy at a rate below that of the bradycardia therapy and at 20 pulses per minute or less upon detection of an asystole condition. Such a feature is disclosed as beneficial by the applicants in that it prevents the patient from regaining consciousness and experiencing pain as a result of non-intrathoracic pacing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kennedy J. Schaetzle whose telephone number is 571 272-4954. The examiner can normally be reached on M-F from 9:30 -6:00.
